Kuna Percussion Class 2026

It is the goal of the percussion class to help students to be more successful in their achievement of percussion basics, including: rhythm patterns, percussion rudiments, care/maintenance of instruments and implements, facility of ALL percussion instruments and creating a professional and enjoyable atmosphere.

It is a secondary goal of the class to help students to be prepared with instruments and implements of their own, in order to be better prepared for percussion opportunities outside of the classroom. With this in mind, students are asked to look into purchasing their own PERCUSSION ESSENTIALS. These are available at many music stores or available online at places like Steve Weiss Music. These items, once purchased, will be able to be used by students for the duration of their high school careers!

Please have the following items first (Phase One):

- Foundation for Superior Performance- percussion book by Williams and King
- Practice Pad (example: Vic Firth 12” Single Practice Pad)
- Vic Firth SD1 General Sticks
- Ear plugs

Please have the following items next (Phase Two):

- Medium Yarn Marimba Mallets
- Mallet/Stick Bag
- Hard Rubber Marimba Mallets
- Vic Firth Colin McNutt Marching Sticks

As always, feel free to contact me with any questions at skrall@kunaschools.org Thank you!
